

TAKE HOME MESSAGE:

CanCertain Ltd is a UK based award-winning state of the art laboratory that uses advanced 3D cell culture techniques to identify most effective cancer treatment for a specific tumor quickly. With a turnaround time of about 8 days, CanCertain test results provide personalized cancer treatments, increasing efficacy, improving the patient’s quality of life, and increasing the chance of early recovery. Their cutting-edge technology helps patients, physicians and oncologists find the optimal cancer treatment, reducing the number of rounds of different drugs, thus reducing unwanted side effects, improving quality of life and saving lives.

Turnaround time of just 8 working days*
***after receiving biopsy**
